Greenvale Audacity is an Approved CHAPS UK and BSJA stallion. He is a striking coloured with fantastic Trakehner and Sports Horse Breeding.

He is extremely trainable and has a lovely, intelligent attitude to work. He has an athletic, scopy jump and has just started jumping BSJA.

Audacity is a charismatic character with a wonderful temperament that he passes onto his offspring.

He is an ideal choice for producing eventers or all round sports horses. He will add refinement to heavier mares. Ideal for crossing with ponies to produce quality, rideable mounts for Juniors.

Greenvale Audacity is by **Alderfarn VII** who has been the sire of many winners both in the show ring and Dressage and Show Jumping.

Elvis was a coloured graded Trakehner from a West Germany stud. He is a prominent sire of many winning athletic offspring including the dam of Camaro, Bundeschampionat (eventing) finalist.

Karabin was a highly promising sire of competition horses and had full graded Trakehner status. He was related to Gepard through the polish coloured stallion Resor. This fantastic coloured Trakehner stallion left behind (although he died tragically young at only 11) five graded sons, of which one was Elvis.

Annie by the TB sire, Escapism was a graded sports horse broodmare.

Fleetwater Acclaim is graded Trakehner & BWBS mare. She was a Masterlock potential competition Horse 1990 championship finalist and later became a proven Dressage horse.

Fleetwater Achtermann was graded in Germany and the UK with BWBS & SHB and is the sire of many successful competition horses. He himself rose to Medium level dressage in 4 outings and qualified for regional finals in Novice, Elementary and Medium. He was competing Novice Horse Trials when he broke a splint bone which ended his competitive career.

Muschamp Danube is prolific sire of eventers, show jumpers & dressage horses.
